If your Hair won't go right

There are times when your hair simply will not look nice, and you don't know what to do with it!

Probably all it wants is a dry shampoo with Icilma Hair Powder.

Next time your hair is a trouble to do, just take it down again, sprinkle some Icilma Hair Powder over it and leave for a few minutes-then thoroughly brush out.

You will find that this leaves your hair beautifully easy to dress and free from all dust and grease.
